

AT&T PERFORMING ARTS CENTER VENDOR RESOURCES

The AT&T Performing Arts Center's furnishings and technical equipment are limited to the items presented in the event contract or provided technical specifications and are subject to availability. If the needs of the customer's event exceed the Center's available resources, it is the sole responsibility of the customer to arrange for these items through outside vendors. These items include but are not limited to decorations, table and chairs, generators, computers and conferencing equipment, signage, special effects, and supplemental lighting, sound or video equipment.

It is the responsibility of the customer to coordinate outside vendors with the appropriate Center staff for the event. The Center is pleased to communicate with outside vendors in order to assure proper delivery times and methods as well as the appropriateness and compatibility of technical equipment.

For special events requiring services in addition to those provided by the AT&T Performing Arts Center, please see below for vendors in the Dallas/Fort Worth area. This list of outside vendors has been compiled for your convenience. Many of these vendors have established relationships with the Center, while others come to us highly recommended. Inclusion on this list does not constitute an explicit endorsement. Clients may contract with vendors of their choosing, including those not listed.
